

Poison Prevention

CHILDREN'S EDUCATIONAL COLORING & ACTIVITY BOOK

GOVERNMENT OF THE DISTRICT OF COLUMBIA

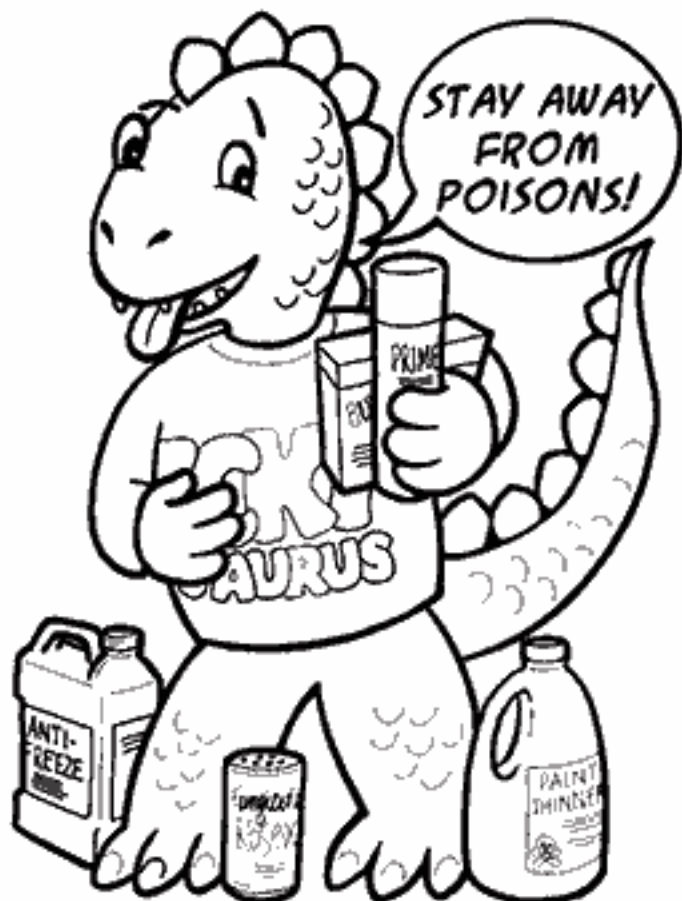

DEPARTMENT OF HEALTH

Poison Prevention

This book belongs to

**My name is Ickysaurus,
the Poison Prevention Dinosaur.**

Poisons are many different things that can make you sick. And take it from Ickysaurus - Sicky is Icky!

**Some things can be safely used only one way.
You can wash your clothes with detergent,
but you don't want to swallow it!**

**Lots of things from spray cleaners to plants and
animals, and even some smells, can be poison.
You should stay away from them!**

**Vitamins and medicines are good for you
- but only when you use them carefully.**

Never take too much or they could turn into poison!

Ickysaurus says – Kids are smart!

**You know when something is bad for you!
Some things are not for kids – just for grown-ups!
Stay away from these things!**

**Do you know what to do in a
poison emergency?**

**CALL
9-1-1**

**They will connect you with the
Poison Control Center nearest you.**

**Poisons can be dangerous to kids.
They are also bad for pets
and grown-ups, too!**

Remember!

- Don't eat or drink cleaning products, plants or other people's medicines.

- Don't breath in fumes or sprays.

- Some plants can make you itch or give you a rash like poison ivy.

- Even things like mistletoe and holly are poison if you eat them.

**Poisons can make you sick in
a lot of different ways:**

Tasting

Swallowing

Smelling

Touching

Even getting it in your eyes.

**Poisons can be in lots of places
where you live and play.
They can be in the...**

Kitchen

Bedroom

Bathroom

Garage

Basement

Never ever play with things that are for grown-ups only.

Like:

- **Aerosol sprays**
- **Oven cleaners**
- **Drain cleaners**
- **Automobile products**
- **Paints and paint cleaners**
- **Antifreeze**
- **Bug sprays**
